## Catholic Relief Services Campaign on Climate Change

Did you know that the earth's climate has varied naturally since the beginning of time? However, scientific research has shown that natural influences, including volcanic activity and solar radiation, have been fairly stable over the past ninety years, while the earth's temperature has increased to levels not seen in hundreds of years, especially over the past three decades. Scientists theorize that this increase in temperature is directly related to increasing levels of greenhouse gases, in particular CO<sub>2</sub>, which has increased almost 40% over the past 150 years.

While we can debate the cause of climate change, what we can't deny is the fact that climate change, whether natural or manmade, is impacting the lives of millions of people around the world in a variety of ways. Some of the major impacts of climate change include a growing number and severity of storms, rising sea levels, an increase in ocean acidity, changing seasonal weather patterns, the loss of fresh water resources coupled with soil erosion, and an increase in health risks from allergens as well as water, air, and insect borne diseases.

As one might expect, the human cost of these climate change impacts is that of diminished livelihoods from the loss of income, health issues, increased food insecurity, as well as hunger and malnutrition, all of which can induce conflict, ultimately leading to migration, i.e., desperate people leaving their homes in search of security and a better life! Of course the people who are the least prepared and least capable of dealing with climate change are the poorest and most vulnerable among us, most of whom depend on agriculture for their livelihoods. These are people living in areas where Catholic Relief Services is most heavily involved.

This month CRS is embarking on a new campaign called "*Lead the Way on Climate Change*." The goal of the campaign is to improve the livelihoods of those most affected by climate change either through mitigation, which involves efforts to eliminate the sources of climate change using deforestation and carbon retention programs, or by employing adaptation programs involving better water and soil management, improved crop production, and pest and disease control.

You can learn more about this new CRS campaign, which officially kicks off in October of this year, at [www.crs.org/get-involved/campaigns/climate-change](http://www.crs.org/get-involved/campaigns/climate-change). Meanwhile, I will keep you posted as the campaign unfolds!

### CRS Climate Change Prayer

*Oh God, creator and owner of all that exists, you have given us rule over the works of your hands, and put all things at our feet because you made everything good. However, our ambition has led us to act selfishly, to find ways to use up your gifts and discard them when they are no longer useful to us.*

*Little by little, we have been wearing out what seemed to be endless, and very late we realized that where there were waters in which the fisherman sailed, now there are deserts and abandoned boats. Where there were trees in which birds nested, now there are ashes from logs consumed by fires. Where there were fields where animals grazed, now there is a world of concrete.*

*Where there was joy when the rain watered the lands, now there is sadness because the rain's intensity devastated the crops. Where there were houses where families grew up, now there are memories flooded by the rising rivers and seas. Where the brightness of the stars and the moon could be seen, now the night sky lights up with car headlights.*

*Holy Father, do not let us be indifferent to what is happening around us. Send your Holy Spirit to water our arid hearts with hope, stoke in us the flame of fraternity, make us set the world on fire with acts of justice in favor of those who suffer most, transform our attitudes and make our minds fertile to new ways of living.*

*Enlighten us to propose, support and defend projects and laws that protect the environment, take our hands to till ways of solidarity, and make our works and words bear fruit.*

*Send your Holy Spirit like a wind that changes the way we relate to each other and to nature, like a fresh breeze that purifies our intentions, like fire that ignites our being with your love for our common home and those who live in it.*

*Make us overflow with joy once again when we contemplate your wonders.*

*Amen!*

*Deacon Mark*

### Goodbye and Good Luck

Sue Ward, our Confirmation Minister, has submitted her resignation.

We thank Sue for her years of faithful service to the children of St Paul's parish and wish her well as she moves on to other endeavors.

We are currently searching for another candidate to continue this service to our youth.

### Special Collection

Next weekend, June 25 & 26 is the collection for the Peter's Pence Collection, which provides Pope Francis with the funds he needs to carry out his charitable works around the world. The proceeds benefit our brothers and sisters on the margins of society, including victims of war, oppression, and disasters.

If you wish to support this collection, please make your check payable to St. Paul's, adding "Peter's Pence" in the memo. Please drop your check in the collection box or slot with your regular offertory donation. Thank you for your support.

### Are You Thinking About the Catholic Faith?

The Rite of Christian Initiation of Adults (RCIA) is a process that consists of learning about the Catholic Faith/Church through instruction and group faith sharing, participation in rites/blessings and reception of the sacraments of Baptism, Eucharist and Confirmation. Here at St Paul's, we usually meet once per week from Oct-May.

Are you:

- ◆ A person who has not been baptized and would like to learn more about the Catholic faith with the possibility of becoming Catholic?
- ◆ A baptized Christian of another denomination who would like to learn more about and possibly join the Catholic Church?
- ◆ A baptized Roman Catholic who has never received Eucharist or Confirmation and would like to become a full participant in the life of the Church?

The Christian Initiation process offers an environment of support and guidance as you discover how God is working in your life. Is this process for you? Do you have a friend or neighbor who may be interested? For more information, contact Katie in the parish office call the office @ 671-2100 x24 or [katie.vandamme@dor.org](mailto:katie.vandamme@dor.org).

## Prayer for *Father's Day*

God our Father,  
 We give you thanks and praise  
 for fathers young and old.  
 We pray for young fathers,  
 newly embracing their vocation;  
 May they find courage and perseverance  
 to balance work, family and faith  
 in joy and sacrifice.  
 We pray for Fathers around the world  
 whose children are lost or suffering;  
 May they know that the God of compassion  
 walks with them in their sorrow.  
 We pray for men who are not fathers  
 but still mentor and guide us  
 with fatherly love and advice.  
 We remember fathers, grandfathers,  
 and great grandfathers  
 who are no longer with us  
 but who live forever in our memory  
 and nourish us with their love.

*Amen.*

## From the John Walsh Library

**Keating, Thomas**

### The Kingdom of God Is Like. . .

Some of the most vivid messages in the Gospels are found in the parables and sayings of Jesus. In this book Father Keating reflects on many of these parables, from the Parable of the Good Samaritan to the Parable of the Unjust Judge. He often responds to the parable story with another story from our own time. When rightly understood, the parables help us see how wise a teacher Jesus was. How revolutionary, in the best sense of that word, was the content of what he taught and to which he bore witness by his life and by his death. Sometimes their very familiarity causes the modern reader to miss the insights these stories offer into the most profound issues of life. Although originally told to people living in a vastly different world from today, these stories are timeless and have much to say to today's readers. (Call No. 226.8-KEA)
